# Weekend Fun for Children Ages 5 to 15.

**ACTIVSTARS Soccer gives today's youth the chance to enjoy themselves while learning the fundamentals in a non-competitive environment.**

Unlike other soccer organizations that pressure players to compete and push winning, we at ActivStars prioritize learning and development. Our athletes are still learning about themselves and their world, so we encourage a development of body and mind as well as how to get along with others. Drills, training, practice, and coaching are all designed to support these goals.

Soccer is a natural choice for young children because it encourages development on many levels. Our coaches create a positive soccer environment with training and games that allow everyone to participate. Kids can enjoy the game itself and enhance their soccer abilities.

Practices are scheduled as 50-minute sessions on Saturdays during our Spring and Fall semesters. Games are also only on the weekends. Your coach will provide specific location information when you sign up!

Learn the Fundamentals.  
Discover the Fun of Teamwork.

# Learn A Little More About ActivStars Soccer!

**What We Do?** ActivStars coaches rely on a comprehensive soccer program designed to teach today's youth about the joys of sport and teamwork. We focus on drills, plays, scrimmages, and other activities that help your star learn the game while having a lot of fun. These lessons are designed to have a broader impact in their life off the field too.

Our coaches handle every aspect of training and practice. What we ask of parents is that you please bring your child to practice on time, pick them up, and prepare them for the day. If you're interested in volunteering to help your child's coach, please speak with them directly to learn about Parent Helper opportunities.

## SOCCER PROGRAM GUIDE

**Practice Times and Fees.** ActivStars offers youth soccer programs for children ages 5 to 15 throughout the year. Each semester runs from 12 to 14 weeks and costs you just \$9 per week without contracts. We offer multiple ways to pay per practice or for the entire season at once.

Practices, games, and tournaments are only on the weekends. You can get specific information from the coaches in your area when you register for a class!

Uniforms are only required for games and may be purchased on our website or directly through your coach. Throughout the year, we may offer discounts at events or on specific packages.

A person wearing a white t-shirt and black shorts is walking on a grassy field. A soccer ball is on the ground in the foreground. The entire image has a blue tint.

Our athletes are still learning about themselves and their world. We encourage development of body and mind as well as how to get along with others.

# Regular Season Games.

The second half of each semester is reserved for scheduled games. Your child's team will play against other ActivStars teams to ensure that everyone has the same commitment to our learning adventures.

Regular season games **do not keep score**. We use games as a way to reinforce the positive experiences and lessons that occur during practices. It promotes an enjoyable learning environment and helps everyone have a chance to play.

All athletes will receive a soccer trophy at the end of the semester to acknowledge their development in the sport and their commitment to their team!

***Please note:** ActivStars views games as additional opportunities for coaches to teach players about the game, even if they're on the "opposing team."*

# Tournaments and Special Events.

ActivStars holds a regional tournament at the end of each semester, and all teams are invited. We also provide additional training camps and challenge weekends to show advanced drills, field awareness, games and more. Speak with your child's coach to learn about these events and any specific requirements they may have!

# About ActivStars.

**At ActivStars, our mission is to develop life skills for active youth. We've been providing after-school recreation programs in sports like cheer, karate, soccer, and others for decades, across America.**

We believe every child can improve and thrive when their mind, body, and sense of community are developed. Our classes and our website are dedicated to supporting that growth. We invite you to ask any questions or learn about our programs using the button below.

**ACTIVSTARS**

# Developing Life Skills for Active Youth.

# Our Story.

In the 1950s, our founder and family matriarch Bonnie Hood had a vision for offering quality and accessible youth programs for all young Americans. ActivStars was born as a youth recreation program and later innovated as the first company in the US to partner directly with schools for after-school recreation.

The initial focus on quality instruction remains true today as one of the few company-owned, company-operated organizations to consistently deliver the highest quality trained coaches and guidance for youth sports.

Today, we're providing engaging activities for more than 20,000 families in more than five states. Our commitment to helping families who desire quality, affordable after-school programs grows each year.

**We hope your family will join ours.**
